By Chris Kyle with Scott McEwen

The story of Chris Kyle, the most lethal sniper in U.S. military history, is one of courage, sacrifice, and redemption.

Kyle was a Navy SEAL who served four tours of duty in Iraq and Afghanistan. During his time in service, he killed over 250 enemy combatants, making him the deadliest sniper in U.S. military history.

Kyle's autobiography is a gripping account of his experiences in war. He writes about the horrors of combat, the loss of his fellow soldiers, and the challenges of returning home to a world that no longer made sense to him.

But Kyle's story is not just about war. It is also a story of redemption. After leaving the military, Kyle struggled with post-traumatic stress disorder (PTSD). He was haunted by nightmares and flashbacks, and he had difficulty sleeping and concentrating. But with the help of his family and friends, Kyle was able to overcome his PTSD and find peace.

Kyle's autobiography is a powerful and inspiring story. It is a story of courage, sacrifice, and redemption. It is a story that will stay with you long after you finish reading it.
