China has a long and rich history, dating back to the Neolithic period. Over the centuries, China has been home to some of the world's most advanced civilizations, including the Shang, Zhou, Qin, Han, Tang, Song, Yuan, Ming, and Qing dynasties. China has also been a major player in world history, influencing the development of cultures and civilizations around the globe.

China in World History is a comprehensive guide to the history of China, from its earliest origins to the present day. This book is essential reading for anyone who wants to understand the development of one of the world's most important civilizations.

China in World History is divided into four parts:

- **The Ancient World:** This section covers the history of China from its earliest origins to the end of the Han dynasty.
- **The Middle Ages:** This section covers the history of China from the beginning of the Tang dynasty to the end of the Yuan dynasty.
- **The Early Modern World:** This section covers the history of China from the beginning of the Ming dynasty to the end of the Qing dynasty.
- **The Modern World:** This section covers the history of China from the beginning of the 20th century to the present day.

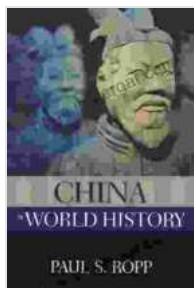

Each section of China in World History is written by a team of experts in the field. The book is also richly illustrated with maps, charts, and photographs. China in World History is an essential resource for anyone who wants to understand the history of China.

## Reviews

“China in World History is a comprehensive and authoritative guide to the history of China. This book is essential reading for anyone who wants to understand the development of one of the world's most important civilizations.”

—The New York Times

“China in World History is a masterful work of scholarship. This book is a must-read for anyone who wants to understand the history of
