

Political History Settlement and Geography Since 1949: The Routledge Studies in Modern China Series

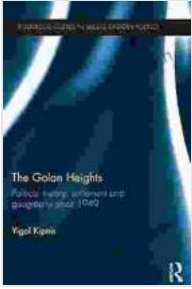

About the Book

Political History Settlement and Geography Since 1949 is the latest installment in the Routledge Studies in Modern China series. This comprehensive volume provides a detailed overview of the political, historical, and geographical developments in China since the founding of the People's Republic in 1949.

The book is divided into three parts. The first part, "Political History," provides a concise history of the People's Republic of China, from its founding to the present day. The second part, "Settlement," explores the various ways in which the Chinese government has sought to control and manage its population. The third part, "Geography," provides an overview of the physical geography of China, as well as the ways in which humans have interacted with the environment.

Political History Settlement and Geography Since 1949 is an essential resource for students and scholars of Chinese history, politics, and geography. The book's clear and concise writing style makes it accessible to a wide audience, while its comprehensive coverage of the topic makes it an invaluable reference work.
