About the Book

African Studies is a field of immense importance, providing vital insights into the history, culture, and politics of Africa. However, the field has faced significant challenges in recent years, including a decline in funding, a lack of institutional support, and a shortage of qualified researchers. As a result, the capacity to govern African Studies has been weakened, making it difficult to effectively address the complex issues facing the continent.

This book, written by a team of leading experts in African Studies, provides a comprehensive overview of the challenges and opportunities facing the field. It offers practical guidance on how to rebuild the capacity to govern African Studies effectively, ensuring that the field can continue to play a vital role in shaping the future of Africa.

Key Features
