Vladimir Pozner's Eye-Opening Journey

In his captivating book "The Disunited States," renowned journalist and political commentator Vladimir Pozner embarks on an illuminating journey across the United States, uncovering the hidden truths and deep divisions that lie beneath the surface of American society.

The Challenge to Democracy

Pozner argues that the disunity within the United States poses a serious threat to its democratic foundations. The erosion of trust in institutions, the rise of extremism, and the decline in civic engagement are all symptoms of a society on the brink.

He challenges readers to confront the uncomfortable truths about their nation and to work towards rebuilding a more unified and just society. "The
